

# 7th International Fermi Symposium

## Tuesday, 17 October 2017

### Stellar sources (galactic and extragalactic) I: Binaries (11:00 - 12:30)

-Conveners: Olaf Reimer

time	[id] title	presenter
11:00	[85] Recent multi-wavelength studies of gamma-ray binary hosting Be star	TAKATA, Jumpei
11:30	[49] Fermi acceleration under control: $\eta$ Carinae	BALBO, Matteo
11:45	[240] Gamma ray emission from Cyg X-3 and Cyg X-1	ZDZIARSKI, Andrzej
12:00	[128] Towards the emerging source class of $\gamma$ -ray emitting colliding-wind binary systems	REITBERGER, Klaus
12:15	[103] The population of gamma-ray binaries	DUBUS, Guillaume
