

First Results from the SRG/eROSITA All-Sky Survey: From Stars to Cosmology

Wednesday, 18 September 2024

Physics of Galaxy Clusters and Groups - TUM Hörsaal/lecture hall 1 (HS 1) (16:30 - 18:05)

time	[id] title	presenter
16:30	[341] Physics of Galaxy Clusters and Groups: a Brief Review of Recent Results	ZHURAVLEVA, Irina
16:55	[344] The eROSITA View of the Outskirts and Filaments of the Centaurus Cluster and the A3391/95 System	VERONICA, Angie
17:15	[239] SRG/eROSITA: View of the Virgo Cluster	MCCALL, Hannah
17:30	[259] Average X-ray properties of galaxy groups	POPESSO, Paola
17:45	[290] The SRG/eROSITA All-Sky Survey: View of the Fornax galaxy cluster	Prof. REIPRICH, Thomas
