

# First Results from the SRG/eROSITA All-Sky Survey: From Stars to Cosmology

## Thursday, 19 September 2024

The Future in Data Analysis - HS 1 Hörsaal/lecture hall 1 (16:30 - 17:45)

time	[id] title	presenter
16:30	[206] The SRG/eROSITA upper limits of the Galactic Western hemisphere.	TUBÍN, Dusán
16:45	[309] The STATiX view of the transient X-ray sky	RUIZ, Angel
17:00	[307] Towards Bayesian Imaging of the eROSITA sky	EBERLE, Vincent GUARDIANI, Matteo WESTERKAMP, Margret
17:15	[226] X-UBIK - The Universal Bayesian Imaging Kit Applied to X-ray data	WESTERKAMP, Margret
17:30	[238] Automatic Point Source Detection through Model Stress	GUARDIANI, Matteo
